PROFESSIONAL SUMMARY

Django Developer with 3+ years of experience building scalable backend systems and RESTful APIs. Skilled in Python, Django, and cloud-based deployments with experience working on platforms integrating advanced technologies. Adept at optimizing performance, improving code quality, and leveraging modern AI tools to enhance development workflows.

TECHNICAL SKILLS

- **Languages:** Python, HTML, CSS, C++
 - **Frameworks:** Django, FastAPI, Django REST Framework
 - **Databases:** PostgreSQL, Redis
 - **DevOps & Tools:** Docker, Git, Postman
 - **Cloud Platforms:** AWS (EC2, S3), DigitalOcean
 - **Other Technologies:** Celery, Mintlify
 - **Core Competencies:** REST API Development, Backend Architecture, Debugging, Performance Optimization
-

PROFESSIONAL EXPERIENCE

Django Developer

CIED Technologies, Kochi, India

2022 – Present

- Developed and maintained scalable backend systems using Django and Django REST Framework
- Built high-performance REST APIs and optimized database queries, improving application efficiency
- Contributed to a platform enabling agri-food businesses to ensure supply chain transparency and traceability
- Created and managed system workflows and policies to support data verification and compliance requirements

- Collaborated with NGO projects, delivering backend solutions for social impact applications
 - Leveraged AI tools to enhance development workflows, improving debugging, documentation, and code optimization
 - Automated asynchronous tasks using Celery and Redis
 - Containerized applications using Docker for consistent deployment environments
-

PROJECTS

Job Marketplace Platform

- Developed a job marketplace using Django REST Framework where users can post and accept jobs
- Implemented real-time job updates and secure user authentication
- Built rating and review system to ensure trust and accountability between users
- Designed scalable APIs to handle multiple concurrent users

E-commerce Website

- Built a full-featured e-commerce platform using Django and Bootstrap
 - Implemented product catalog, shopping cart, and secure checkout system
 - Integrated order tracking and payment gateway functionality
 - Designed responsive UI and managed database models efficiently
-

EDUCATION/CERTIFICATIONS

- **BBA in Airline and Airport Management** – Skywings, Kochi, India (2017-2020)
 - **Python Django** – Brototype, Kochi, India (05/2022)
 - **Certified Penetration Tester** – RedTeam Hacker Academy, Kochi, India (05/2021)
-

KEY ACHIEVEMENTS/ADDITIONAL INFORMATION

- Improved development efficiency by integrating AI-assisted coding and debugging tools
- Contributed to scalable systems supporting transparency and traceability use cases
- Delivered backend solutions for NGO-driven social impact projects
- Strong problem-solving and analytical skills
- Experience working in collaborative and agile environments
- Passionate about clean code, scalability, and continuous learning
